

Another way to give back

Expanding the circle of partnerships...

Refer a nonprofit, make a **contribution** --->

Helping them, helps you, too!

How It Works

Refer an organization, give back!

Recommend us to someone you know.

Helping them, helps you!

For every referral you send*, **you can contribute \$3k every year back to your organization** or to another nonprofit for the lifetime of our partnership with that referral. The more you recommend, the more you have to contribute.

About the Campaign

We continuously strive to seek ways to help nonprofit leaders **get a better outcomes from their fundraising and improve efficiency** in their accounting back office.

So we created a program to help give back and **lower costs**, while we expand the circle of partnerships.

Our mission is to become **a trusted partner** nonprofit leaders **can rely on** to provide actionable financial insights needed for making data-driven decisions.

The GrowthForce Nonprofit Referral Campaign

**Questions? Ask your Accounting Manager!*
